Crimes of Note

Burglaries

We have received one report of a business burglary this month at Morrison's.

The offenders have gained entry through using a crow bar to the main entrance doors and have then stolen three tills which all contained cash.

There have been no reports of residential burglaries.

Here is some crime prevention advice for business burglaries:

- High value stock should be stored within an inner secure cage when not required, and ensure this is protected by additional security systems such as monitored alarms, beams or tremor alarms when premises are unoccupied.
- Ensure CCTV systems are regularly serviced and periodically review the position of the cameras to ensure fixtures and fitting are not restricting the cameras view.
 - Exterior lighting can assist a criminal break into the premises. Therefore only leave on if it assists neighbouring properties or passers-by to keep an eye on your property.
 - Register assets, such as computers, tills, phone etc for free on www.immobilise.com this will assist the police in returning property to it's rightful owner.

There have been no reports of vehicle crimes or bike thefts this month.

Covid-19 Fines

A parent was fined for breaches that their child had committed. The child had unnecessarily travelled to Bournemouth to meet with two friends. When the child was picked up by Officers, they refused to wear masks and spat in the van.

You must be 18 and over to receive a Covid-19 fine. It is the parent's responsibility to ensure that their children are compliant with the Covid-19 legislation, therefore they will be fined if there are any breaches.

We regularly post on our Totton Police Facebook page with updates and useful crime prevention advice, so please go and give us a like! There will be a Beat Surgery on our Facebook Page on **Wednesday 10th February at 1900hrs.**
